## Local Anesthesia Courses 2016 - 17

### Local Anesthesia for the Practicing Dental Hygienists

**December 7-10, 2016 9AM - 4PM**

**Price: \$1,300 40 CEUs**

Local anesthesia for the practicing dental hygienist is a 5 day local anesthesia course that will prepare the practicing dental hygienist to take the Western Regional Local Anesthesia Examination or an equivalent examination. The next WREB local anesthesia board exam will be offered from March 3 - 4, 2017 at UNM, allowing the dental hygienist who successfully completes the course to take the local anesthesia board following this course. Dental hygienists planning to take the WREB exam must register online at [www.wreb.org](http://www.wreb.org) to qualify to take the exam.

This five day course includes all the information that is taught in the UNM semester long local anesthesia course (no course information or requirements are excluded) and is completed within five days rather than an entire semester, allowing the practicing dental hygienist the opportunity to receive licensure in local anesthesia. Dental hygienist who register for this course will receive the course packet and textbook on the first day of class. Class size is limited, so registrations will be accepted on a first come basis. Participants need to bring two syringes, calculator, and safety glasses.

### Course Content:

- Neurophysiology
- Pharmacology
- Neuroanatomy
- Medical History Review
- Armamentarium
- Injection Techniques
- Local and Systemic Complications

### Nitrous Oxide/Oxygen Analgesia Course to be offered the Tuesday immediately before this local anesthesia course.

**December 6<sup>th</sup>, 2016 9AM-4PM**

**Price \$200 6 CEU's**

The use of nitrous oxide including indications for use and with 3 clinical experiences.

### Local Anesthesia Review for Licensed Practitioners

**February 24<sup>th</sup>, 2017 9AM-12PM**

**Price \$100 3 CEU's**

This is a clinical course only and is designed to review all local anesthetic injections. **This will also serve as a review for students who are taking the WREB local anesthesia exam.** Please bring two syringes.

### Clinical Content:

- Inferior alveolar block
- Gow Gates
- Infraorbital
- Use of computerized anesthetic device
- Posterior Superior Alveolar

## Self Study Pain Control Methods Continuing Education Course Now Available!

After sending in the registration, practitioners will be sent a self-study module with test items.

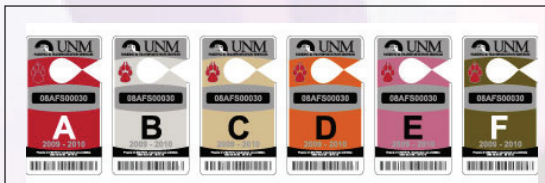

The candidates will mail or fax back to UNM the answered test items. Upon satisfactory completion of the self-study course, UNM will mail certificate of course completions to the practitioners. The following self-study continuing education modules are available for \$50 each.

**Course Instructor for All Courses:** *Demetra Logothetis, RDH, MS Professor Emeritus and Graduate Program Director University of New Mexico Division of Dental Hygiene*

Demetra Logothetis is author of: *Local Anesthesia for the Practicing Dental Hygienist.*

2nd edition. St. Louis: Elsevier, 2016

Professor Logothetis has lectured nationwide on pain control modalities and teaching strategies for pain control. Her book is focused on teaching dental hygienists how to effectively integrate local anesthesia into clinical practice. Her textbook won the 2012 PROSE award in the category of Allied Health Sciences and Nursing.

All courses are held at Novitski Hall, SE Corner of Tucker and Yale, unless otherwise noted. Participants will be able to get a free parking pass from the UNM Division of Dental Hygiene upon arrival
